Customers shouldn't need to rely on "double cupping" their paper hot cups to avoid burning their fingers. Dart's Café G® stock printed foam cups keep hot beverages hot and cold beverages cold while remaining comfortable to the touch. Because this premium line of insulated ThermoGlaze® cups keeps beverages at their proper serving temperature, coffee will taste fresher longer than when it's served in a paper cup. The Café G coffee-themed design incorporates a subtle color coding system to help customers and employees identify the correct cup size. Simply look for the color of the cup, saucer, and napkin in the diamond.
