Trend Bites:

Think flights are just for alcohol? Think again. Today's diners want a variety of small samplings, and they're ordering them in impressive numbers. A food flight is a curated set of three or more portions served together, like sliders, soup cups, or mini desserts. They're designed to spark curiosity and give customers a taste of multiple flavors. Operators are using flights to boost engagement, increase check averages, and make their menus more memorable.

Here at Kaufhold’s Kurds, which has been family owned and operated since 1995, we don’t mess around when it comes to curds. Which means no preservatives, no machines, no nonsense. We bread our curds in small batches by hand within a day of when they’re made to lock in that peak freshness and drool-worthy flavor that will have your customers asking for seconds. And thirds.

Bazooka BRANDS

2026 BEST PREPACK

FREE RING POP

The advertisement features a vibrant blue background with white and yellow swooshes. In the center, several Bazooka Brands candy boxes are displayed: a Baby Bottle Pop box with colorful bottles, a Juicy Drop Gummies box with pink and green packaging, a Juicy Drop Pop box with pink and green packaging, and a Ring Pop box with yellow and red packaging. A large, stylized 'FREE RING POP' text is prominently displayed on the right side of the image.
