FLAMIN' HOT HONEY CRUNCH WINGS

Featuring 4600 Unbreaded Naked Wings

Holiday Code: 47710

Trend Bites: **HONEY**

"Honey is the bee's knees for 2025," according to this year's National Restaurant Association "What's Hot" list, where honey tops the "Ingredients" category. This natural sweetener lends its sticky decadence to popular "Sweet and Spicy" and "Sweet and Savory" trends while also bringing along health benefits that consumers are extremely on board for with its anti-inflammatory and antioxidant properties. Honey allows sweet treats to be viewed almost as health foods instead of as something to be avoided, so don't hesitate to use honey to add sweetness to the savory and spicy options you're serving!
