The Crisp Food Technologies® Containers use an exclusive convection cross-flow technology design to relieve moisture and condensation, while maintaining product temperature. Through-the-closure ventilation, along with raised airflow channels in the base of the container, combined with venting in the anti-fog lid, ensure that fried foods remain crispy. The unique design of this packaging system retains internal temperatures better than other rigid containers currently in use for fried foods. As in all Culinary Series containers, it is designed to withstand temperatures to 230°F in warming unit displays, under heat lamps and in the microwave.

**French Fry Select Plus™ Regular Cut, Skin-On 3/8"**  
 Extra-long French fries that are enhanced w/a salt brine to provide a great taste experience. The delicious flavor & appearance of Select Plus fries will guarantee repeat visits, & their high yield will ensure greater profit potential. We've left the skin-on for added nutrients and brined them for added flavor and appeal.  
 mfr#: 30122 6/5lb Case

**48099**  
**French Fry, Fine Coat™ Thin Cut, Skin-on 5/16"**  
 All the advantages of a traditional fry with the benefits of a coated fry. Its amazing invisible batter provides extended hold-time & crispness while locking in great potato flavor. Extra-long in length, Fine Coat™ fries provide great plate coverage & more servings per case. All the great features of a 5/16" thin cut but with the goodness and nutrition of the potato skin left on.
